

EN. HOW TO USE

BIOPROTEN Hairplex is an essential support system for technical services that preserves the integrity of the hair fiber, both internally and externally. It is ideal to protect and fortify the internal proteinic hair structure, damaged and sensitized by aggressive chemical processes and increases significantly* the resistance to hair breakage. Its action is based on a complex of vegetable origin amino acids and proteins, which penetrate the hair, building strength from within, whilst providing film forming effects to reinforce, smoothen and protect the hair cuticle. Hair is left looking visibly protected, glossy, healthy and shiny with enviable volume and body.

DOES NOT CHANGE THE USUAL WAY YOU USE YOUR PRODUCTS IN A TECHNICAL SERVICE.

BOND FORTIFIER

01

Use the **BIOPROTEN Hairplex Bond Fortifier 01** fluid in combination with the technical service to shield the hair structure and improve hair resistance to damage caused by aggressive chemical treatments.

BOND SAVER

02

The **BIOPROTEN Hairplex Bond Saver 02** protective hair cream is essential for completing the action of the **BIOPROTEN Hairplex Bond Fortifier 01**. Effectively seals in the strength added to hair, amplifies and extends the beneficial effects of the **BIOPROTEN Hairplex System**, leaving hair looking healthy and radiant.

■ HAIR COLORING

Use **1 mL (0.03 FL.OZ) BIOPROTEN Hairplex Bond Fortifier 01** to every **10 g (0.35 OZ)** of Hair Color.

Once your color has developed, thoroughly rinse the hair with lukewarm water to remove all traces of color and towel dry. Do not shampoo. Apply **15 mL (0.52 FL.OZ) BIOPROTEN Hairplex Bond Saver 02** from roots to ends, comb your hair and leave on for 5 minutes. Leave on for 10 minutes for damaged hair. Rinse thoroughly, shampoo, apply a conditioner and dry your hair.

■ ULTRA LIGHT BLONDE HAIR COLORING

Use **1.5 mL (0.05 FL.OZ) BIOPROTEN Hairplex Bond Fortifier 01** to every **10 g (0.35 OZ)** of Ultra-light blonde hair color. Once your color has developed, thoroughly rinse the hair with lukewarm water to remove all traces of color and towel dry. Do not shampoo.

Apply **15 mL (0.52 FL.OZ) BIOPROTEN Hairplex Bond Saver 02** from roots to ends, comb your hair and leave on for 5 minutes. Leave on for 10 minutes for damaged hair. Rinse thoroughly, shampoo, apply a conditioner and dry your hair.

■ BLEACHING

Use **2 mL (0.06 FL.OZ) BIOPROTEN Hairplex Bond Fortifier 01** to every **10 g (0.35 OZ)** of Bleaching Powder. Once your bleach has developed to your desired level of color, thoroughly rinse and towel dry your hair. Do not shampoo.

Apply **15 mL (0.52 FL.OZ) BIOPROTEN Hairplex Bond Saver 02** from roots to ends, comb your hair and leave on for 5 minutes. Leave on for 10 minutes for damaged hair. Rinse thoroughly, shampoo, apply a conditioner and dry your hair.

■ PERMANENT WAVING

Once the perming process is over, thoroughly rinse the perm neutralizer and towel dry your hair.

Mix **10 mL (0.33 FL.OZ) BIOPROTEN Hairplex Bond Fortifier 01 + 15 mL BIOPROTEN (0.52 FL.OZ) Hairplex Bond Saver 02** and apply the mixture from roots to ends. Leave for 20 minutes. Rinse thoroughly, towel dry your hair and re-apply **15 mL (0.52 FL.OZ) BIOPROTEN Hairplex Bond Saver 02** for an extra 10 minutes. Rinse thoroughly, apply a conditioner and dry your hair.

■ HAIR RELAXING

Use **2 mL (0.06 FL.OZ) BIOPROTEN Hairplex Bond Fortifier 01** to every **10 mL (0.33 FL.OZ)** of Hair Straightening Cream. Once the straightening process is over, thoroughly rinse your hair with plenty of water and towel dry them. Do not shampoo. Apply **15 mL (0.52 FL.OZ) BIOPROTEN Hairplex Bond Saver 02** from roots to ends, comb your hair and leave on for 5 minutes. Leave on for 10 minutes for damaged hair. Rinse thoroughly, shampoo, apply a conditioner and dry your hair.

■ THERAPY

Shampoo your hair and towel dry them. Mix **10 mL (0.33 FL.OZ) BIOPROTEN Hairplex Bond Fortifier 01 + 15 mL (0.52 FL.OZ) BIOPROTEN Hairplex Bond Saver 02** and apply the mixture from roots to ends. Leave for 20 minutes. Rinse thoroughly, towel dry your hair and re-apply **15 mL (0.52 FL.OZ) BIOPROTEN Hairplex Bond Saver 02** for an extra 10 minutes. Rinse thoroughly, apply a conditioner and dry your hair.
